Opioid Epidemic Update - Wednesday, November 15

It's no secret that the opioid epidemic continues to plague the community, resulting in the tragic and unnecessary loss of life and destruction of families. Returning to offer an update will be Jackie Shine-Dixon, MBA, BS, CCSM, CCDP, system director, BRMC Behavioral Health Services, and Mary Anne Polucci Sherman, MA, licensed psychologist, BRMC Behavioral Health Services. Together, Jackie and Mary Ann represent nearly 50 years working in behavioral health and addiction. Part of the program will invite attendees to view the "teen room," an interactive teen bedroom display designed to challenge participants to discover the evidence of drug abuse in the home.

Please RSVP one week in advance of scheduled dates to Stacy Williams, BRMC Community Outreach Coordinator, 814-362-8288, swilliams@brmc.com
